

Ed Morse Automotive Group

PROFILE: A dealership group that has built a reputation for providing courteous, honest service. Their customers appreciate the way they do business.

“The volume of paper that is required to run our dealership is unrelenting. American Scanning & Storage helped streamline our operation and provided us with quick and easy access to all our records.”

American Scanning and Storage is proud to be supporting a cleaner environment.

All information is hosted and stored on secure servers at Terremark's flagship colocation facility, the NAP of Americas®.

We have a 99.99% uptime guarantee from our secure servers and website.

Disaster Recovery

Auto Dealerships' one stop shop for all scanning and storage needs

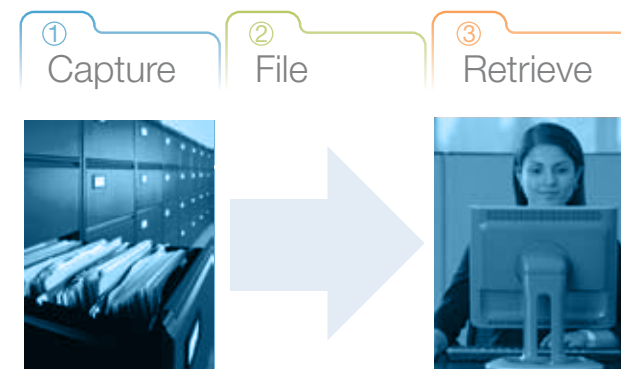

Warren Henry Automobiles

PROFILE: A multi-franchise dealership that has been serving South Florida since 1976.

“With all of the privacy issues these days, storage space and personnel expense reduction, the decision to utilize American Scanning & Storage was easy to make. We are realizing even more of the endless benefits of this application.”

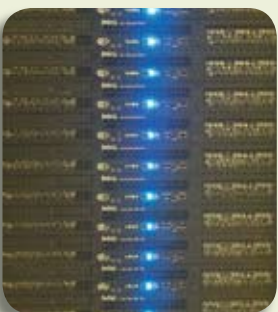

SCANNING & DOCUMENT MANAGEMENT

Rick Case Honda

PROFILE: The world's largest full-line Honda dealer carrying every product including cars, vans, SUVs, motorcycles and personal watercrafts.

“American Scanning & Storage has saved us a tremendous amount of time and money not to mention space. How nice it is to have you pick up the jackets, have them scanned and available, all on one system.”

Now there's a complete solution for protecting your most valuable information

*"Is your dealership overloaded with paper?
The need to improve administration
efficiencies and operate in a totally
secure environment is critical."*

American Scanning and Storage has developed a comprehensive infrastructure that enables all your documents to be effectively and efficiently scanned and stored securely for easy future accessibility. We can back up your information in numerous ways to suit your particular requirements.

**Building the bridge
from Paper
to Technology**
